In 1932, George G. Blaisdell founded his company on a simple premise: Build your product with integrity, stand behind it 100%, and success will follow. For more than 75 years, that principle has been the cornerstone of the family-owned Pennsylvania Company whose iconic product is known in over 140 countries worldwide.

One of the key features of the Zippo products is the famous Zippo Guarantee! Since the beginning, when Mr. Blaisdell started sales, he granted a lifetime guarantee to the Zippo lighter. Still nowadays we have this famous Zippo guarantee.

Our iconic Zippo windproof lighter and the latest development from Zippo, the Zippo BLU lighter, carries a 30 year guarantee (finish is excluded). The 2001 developed Zippo Multi-Purpose lighter (MPL) do have a guarantee of 5 years (finish is excluded).

To give our customers in Europe the best service, we established in 2007, the Zippo European Repair Center, in Emmerich am Rhein, Germany.

Besides constant new developments from Zippo, you can see that we focus on our Zippo products, no matter what age or condition. We take care, so that you can enjoy your Zippo product.

Because we are constantly improving our products, some items may not look exactly as depicted. Prices and specification subject to change without notice.

The Zippo Lighter shape, ZIPPO, zippo, Zippo MPL, the MPL shape, the Armor logo and Flame logo are used under license by ZippoMark, Inc. All rights reserved.

Zippo records indicate an overlap of bottom stamp configurations from 1949-1957. Also some lighters produced between 1955-57 were date coded, however, specifics remain unclear. The Zippo script logo was developed in the late 40's and was phased-in on the lighter bottom stamp around 1955.

An error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: !/!. This date code error was corrected within the same year to read: //!

In the late 70's the logo was redesigned. It was incorporated into the bottom stamp in 1980.

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.

Dieses völlig neue Herstellungsverfahren bei Zippo ermöglicht eine Rauheif-ähnliche Oberfläche im geätzten Design. Der beeindruckende Kontrast zwischen dem geätzten Motiv und der Oberflächengüte des Feuerzeugs erzeugt eine ungewöhnliche dreidimensionale Tiefe.

La surface de style givrée est née du tout dernier processus de production chez Zippo. Le contraste impressionnant entre l'apparence corrodée et la qualité de surface du briquet génère une profondeur tridimensionnelle inhabituelle.

Voortvloeiend uit het nieuwste productieproces bij Zippo ontstond een rijp-achtig oppervlak in het geëtste design. Het fraaie contrast tussen de geëtste afbeelding en de oppervlaktekwaliteit van deaansteker geeft ieder motief een uitzonderlijk dimensionaal uiterlijk.

# Bottomz Up

For decades, the Zippo bottom stamp has marked the authenticity of every genuine Zippo lighter. The simple system of dots and slashes, initiated to aid identification of lighters coming back to Zippo for repair, was later replaced by letters and Roman numerals, and still later by letters and digits signifying the month and year of manufacture.

Now Zippo is turning the whole system upside down ... literally.

Bottomz Up displays the traditional Zippo stamp not only on the bottom, but also on the top of the high polish chrome lighter. The conventional date code, showing month and year of manufacture, is stamped on the canned-style bottom while the canned-style lid is branded with the year of manufacture and the symbol identifying it as Bottomz Up.

This lighter marks the inaugural release of Bottomz Up.
