## COLLECTIBLE OF THE YEAR 2013

Windy has been one of Zippo's most beloved icons since she was introduced in 1937, illustrating the new windproof lighter in Zippo's first national advertisement. Since that time, she has been depicted in scores of advertisements, numerous promotional pieces, and hundreds of Zippo lighter designs from all over the world.

The 2013 Collectible of the Year celebrates Windy with a whisper-thin emblem, reminiscent of Zippo's early metallique process, on a classic 1935 Replica lighter. Limited to only 35,000 pieces worldwide, a distinctive bottom stamp introduces the seal that authenticates this as a genuine Zippo Limited Edition. Each lighter is packaged in an attractive gift box with an embossed, foil-stamped lid.

The Windy image is a registered trademark of ZMC.

### Zippo's Iced process

highlights multi-faceted engraving layered with a translucent powder coat to give the illusion of looking through a thin sheet of ice. Design is on both front and reverse surface of the lighter. May be imprinted over iced surface for a truly unique look.

Early in 2010, Zippo began to laser the finish off the hinge of powder coated lighters. Although imple-

mented primarily for cosmetic reasons, lasering the hinge area will provide another indicator of a genuine Zippo lighter. Several years ago, we began lasering the powder coat off the bottom of matte lighters to enable clearer view of the bottom stamp identifying the lighter as a genuine Zippo lighter. Similar to this enhancement, a lasered hinge barrel will provide further assurance that the unit is a genuine Zippo lighter.

## Understated Elegance

The sophistication of an 18k solid gold case or a sterling silver case combined with the panache of classic Zippo styling. You can feel the balance of all the elements. This Zippo lighter travels in the finest company and makes no apology for its pedigree.

## Pipe Lighter

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

The insert of a Zippo pipe lighter is exactly the same size as the standard windproof lighter insert, allowing pipe smokers who have a treasured Zippo windproof lighter the option of replacing the insert to continue carrying the favorite case.

# REPLICA 1935

## 1935 Replica

The 1935 lighter, one-eighth inch shorter than subsequent models and manufactured for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history. Like the original, the 1935 Replica features a three-barrel outside hinge joining the

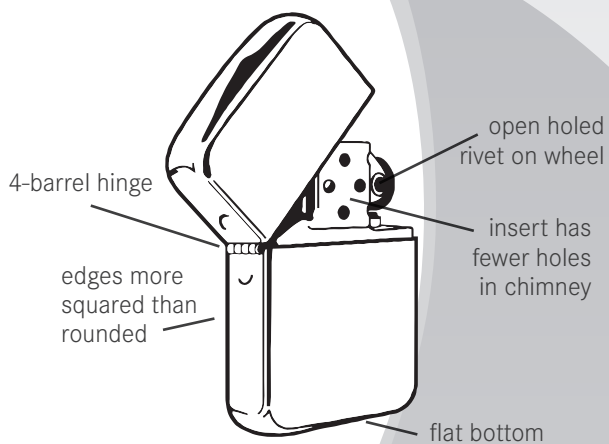

lid and bottom, an open hollow rivet that secures flint wheel to inside unit, a flat bottom case, and slashes on the opposite corners of the face and back surfaces. A distinctive bright brushed chrome finish and unique bottom stamp identify the 1935 Replica. The 1935 lighter was the last of Zippo lighter production to feature the hin-

ge on the outside of the case. Coincidentally, 1935 was the first year that company logos were applied to the face of the Zippo lighter, leading to the creation of the Zippo ad specialty division, later known as Zippo promotional products.

Bright-cut engraving produces dazzling facets, resulting in the dimensional look of a beautiful emblem directly on the surface of these Zippo Armor lighters.

Enhanced with a personalization panel and a gold-flashed inside unit, these extraordinary lighters were the centerpiece of the Zippo Collection 2014. These lighters were created by Grant Duke, a fourth generation member of the Zippo family.

## No kindling? No newspaper?

Well, with our campfire Starter cedar pucks, that's no problem. The unique blend of compressed cedar sawdust and wax lights quickly, even when it's wet.

The back of it is scored so it can be used to start four fires, it's made from 100% all-natural recycled material, and it gives off a Western Red Cedar aroma.

Grills, lanterns, tiki torches and fireplaces all require a certain degree of precision when being lit. And that's where the Flex Neck Utility Lighter comes in.

It's slim, powerful nozzle easily fits into the openings on most grills and lanterns, and with wind-resistant dual-flame technology, it's ideal for any outdoor setting.

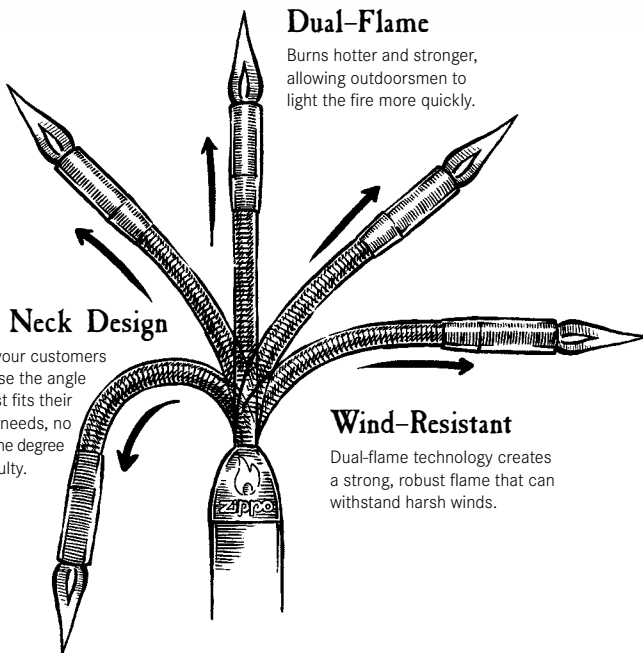

Wind-resistant dual-flame technology, flexible extended neck, topped by a slim, powerful nozzle, easily fits all lighting openings.

- Available in two finishes; satin silver and rubberized flat black Rugged metal construction
- Advanced ignition system
- Adjustable butane flame
- Patented safety button

### Flex Neck Design

Allows your customers to choose the angle that best fits their lighting needs, no matter the degree of difficulty.

### Dual-Flame

Burns hotter and stronger, allowing outdoorsmen to light the fire more quickly.

### Wind-Resistant

Dual-flame technology creates a strong, robust flame that can withstand harsh winds.
