MultiCut treatments are dazzling on High Polish Armor lighters, adding even more vibrant flashes of color. The High Polish Armor Green lighter is covered in an Art Deco pattern by Zippo's MultiCut process and features a lustre etched dragon on the front.

ASIA DRAGON

MultiCut engraving lends interest and dimension to the solid, substantial new Armor® antiqued silver finish.

CRYSTAL SKULLS

These two new skull designs feature the largest Swarovski® crystal attachments Zippo has ever put on a lighter. Glimmering 3-D crystal skulls combined with auto engraved, feathered wings and a deep carved spider web tested incredibly well globally with consumers, and received overwhelmingly positive feedback from European consumers, in particular.

This harmonious MultiCut design set on an Armor Antique Silver finish lighter features the Tree of Life, connecting every living thing, past, present, and future to the Earth, and the Flower of Life, one of the earliest examples of sacred geometry, representing the eternal link between space and time. Luxury MultiCut packaging reveals how the Art Nouveau-inspired corner elements wrap onto the sides of the lighter.

Traditional Celtic artwork adorns this Armor lighter. The Zippo MultiCut engraving process wraps the design around the lighter, from the ornate Celtic cross on the front to Celtic knot design on the back, each detail enhanced by the Antique Silver Plate finish. Luxury packaging allows greater viewing of MultiCut design details, letting this premium design stand out in a crowd.

WOODCHUCK USA™

Buy one. Plant one.

Zippo has partnered with Woodchuck USA™ to create wooden laser-cut emblem designs that will help restore and protect the forests of the world. With each lighter purchased, Woodchuck USA guarantees to plant one tree. Consumers can use the special code in each box to learn where their trees are planted. The launch of Woodchuck USA Zippo lighters will be heavily supported by both brands with an integrated marketing campaign and extensive consumer outreach.

IRON MAIDEN

© 2020 Iron Maiden LLP. Iron Maiden ©

Their influence spans nearly 40 years and touches every culture, generation, and time zone. They have come to embody creative independence, passionate fan loyalty, and defiant indifference to critics and naysayers. Now Zippo pays homage to their irrepressible spirit and bold creativity with four tribute lighters.

Rock on!

New Armor® Chameleon utilizes deep carve engraving to fashion a luminous, reptilian pattern on the front surface of the lighter. This iridescent finish gets an added accent with the Zippo logo laser engraved on top of the deep carve impressions. This model makes its entrance as the first lighter to feature this dual process.

SPAZUK

World-renowned master of the fumage technique, Steven Spazuk, creates dreamlike yet highly detailed images by holding flame to paper and etching into the resulting soot. His creations emerge from a haze, juxtaposing manmade objects with nature's beauty and resilience.

Artwork created with a Zippo lighter, now available as a lighter design.

REPLICA 1935

The 1935 lighter, one-eighth inch shorter than subsequent models and manufactured for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history. Like the original, the 1935 Replica features a three-barrel outside hinge joining the lid and bottom, an open hollow rivet that secures flint wheel to inside unit, a flat bottom case, and slashes on the opposite corners

of the face and back surfaces. A distinctive bright brushed chrome finish and unique bottom stamp identify the 1935 Replica. The 1935 lighter was the last of Zippo lighter production to feature the hinge on the outside of the case. Coincidentally, 1935 was the first year that company logos were applied to the face of the Zippo lighter, leading to the creation of the Zippo ad specialty division, later known as Zippo promotional products.

MOSAIQUE

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers.

The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

ZIPPO
(1933 - 1954)

ZIPPO
(1955 - 1979)

zippo
(1980 - Present)

As with most collectibles, the date of manufacture of a Zippo lighter often affects its value. Valuable information on the bottom of every Zippo lighter can help you determine its date of manufacture. Most lighters fabricated between 1933 and 1957 can be identified by style and model and the patent or patent-pending marks.

Starting in the mid 50s, date codes were stamped on the bottom. The original purpose was for quality control. The date codes have since become an invaluable tool for Zippo collectors.

The appearance of the word "Zippo" in the bottom stamp provides another clue to dating. There have been three major changes, as shown in inset. From 1933 to the mid 50s the word Zippo was stamped in block letters.

The Zippo script logo was developed in the late 40s and was phased-in on the lighter bottom stamp around 1955. In the late 70s the logo was redesigned. It was incorporated into the bottom stamp in 1980.

- ① On some lighters, this number was stamped in error, should have been Patent 2032695.
 - ② Zippo records indicate an overlap of bottom stamp configurations from 1949-1957.
 - ③ Some lighters produced between 1955-57 were date coded; however, specifics remain unclear.
 - ④ In 1979 an error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: / //. This date code error was corrected within the same year to read: // /
 - ⑤ Effective July 1, 1986 the dot and slash system was replaced by year / month code. Year is coded by Roman numeral; letter designates month (A=January, B=February, etc.)
 - ⑥ Beginning in 2001, the Roman numerals indicating the year were replaced with numbers corresponding to the last digits of the year of manufacture.
 - ⑦ The first Zippo BLU® butane cases were made in 2005. The date code is the same format as regular windproof lighters.
- *Code is subject to change without notice.

Slim Lighter Identification Codes

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.
