2008 COMPLETE LINE COLLECTION

®

Reflections

Browse these pages and reflect on all that's new from Zippo!

The inaugural release of **Bottomz Up™** turns Zippo's date code system upside down - literally - with the traditional Zippo stamp not only on the bottom, but also on the top of the high polish chrome lighter.

All About Me showcases personal expression and beliefs on a selection of Zippo lighters ranging from licensed designs by Traditions and American Hardcore artists to traditional Irish shamrocks and a reprise of the popular Serenity Prayer.

Indulgence / Arts & Entertainment features a compilation of movie legends, beautiful women, timeless music, and adult legal beverages.

Heroes salutes the American flag, the United States Armed Forces, and unsung everyday heroes.

Work & Play represents cars, cards, games of chance, and outdoor pleasures and pastimes, along with the entire lineup of NFL, NBA, and MLB teams.

Heritage, Classics & Slims reveals Zippo-themed lighters and finishes in their basic, beautiful, unadorned state. Dazzling new colors complement Zippo's extensive palette of powder coat finishes, in both regular and slim sizes. Innovative engraving and customization styles balance the simple elegance of chrome, brass, and lustrous sterling silver Armor; brushed brass and brushed chrome classics, sterling silver and solid gold, and 1941 Replicas.

Animals introduces intricate designs by Claudio Mazzi and Guy Harvey, wrought with Zippo's color imaging process. From butterflies, bats and bears to eagles, horses and a Labrador retriever- this menagerie includes even a whimsical frog and a calico cat!

Signature Styleguide illustrates and explains the processes available for customizing Zippo products.

Pipe Lighters, Gift Sets, Accessories, Displays, and MPLs round out the 2008 Complete Line Catalog.

Standard packaging for stock items is now easily identified under each product image by a one letter code. The letters represent the first character in the packaging: P for plastic, C for cardboard, T for tin, and V for velour box.

How can I get loyal Zippo collectors to my retail location?

Learn why over 450 million Zippo lighters have found their way into the pockets and hearts of Zippo collectors around the world. See for yourself at ZippoClick.com!

Contact ZippoClick@ZippoClick.com to learn how you can get those loyal Zippo customers to your store.

How does a consumer find Zippo products?

Every year, nearly one million customers go to the Zippo Retail Locator on Zippo.com to find a place to purchase Zippo lighters and accessories.

Will they find your business? Go to ZippoRetailer.com to register today.

Standard packaging for stock items is now easily identified under each product image by a one letter code. The letters represent the first character in the packaging: P for plastic, C for cardboard, T for tin, and V for velour box.

Because we are constantly improving our products, some items may not look exactly as depicted. Prices and specifications subject to change without notice.

The Zippo Lighter shape, ZIPPO, Zippo, MPL, OUL, the Armor logo and Flame logo are registered trademarks of Zippo Manufacturing Company and/or used under license of ZippMark, Inc. in the U.S.A. The MPL shape is a patented design. All Rights Reserved.

For decades, the Zippo bottom stamp has marked the authenticity of every genuine Zippo lighter. The simple system of dots and slashes, initiated to aid identification of lighters coming back to Zippo for repair, was later replaced by letters and Roman numerals, and still later by letters and digits signifying the month and year of manufacture.

Now Zippo is turning the whole system upside down . . . literally.

Bottomz Up™ displays the traditional Zippo stamp not only on the bottom, but also on the top of the high polish chrome lighter. The conventional date code, showing month and year of manufacture, is stamped on the canned-style bottom, while the canned-style lid is branded with the year of manufacture and the **B** symbol identifying it as Bottomz Up.

This lighter marks the inaugural release of Bottomz Up.

The Traditions Collection

Available Worldwide.

The Traditions Collection™ showcases original art by world-renowned tattoo artists. Celebrate modern tattoo art on the canvas of a Zippo windproof lighter. Zippo's vibrant color imaging process illustrates this innovative art on each of five different windproof lighters. Be sure to collect all five. Visit www.thetraditionscollection.com to see their full line of products.

Several distinctive characteristics distinguish the 1941 Replica™ from today's familiar Zippo windproof lighter. The 1941 case has flat planes with sharper, less rounded edges where the front and back surfaces meet the sides. The lid and the bottom are joined with a four-barrel hinge, just as they were on the original 1941 design. The current Zippo lighter has a five-barrel hinge.

The inside unit closely replicates the design of the original 1941 model inside unit. Like the outside, the sides of the inside unit are flatter, with squared edges where they meet the front and back surfaces. The inside unit has fewer holes in the chimney, and is also fitted with a hollow rivet that holds the striking wheel in place.

Mazzi

Available Worldwide.

Italian airbrush artist Claudio Mazzi has created over 11,000 airbrushed Zippo® lighter masterpieces. Every Mazzi airbrushed Zippo lighter, meticulously painted by hand, is considered a small, precious work of art, a collector's dream.

Don't miss out on the chance to own your own licensed Mazzi art lighter. Zippo's color imaging process replicates Mazzi's original airbrushed art in stunning, intricate detail in the Zippo By Mazzi collection.

Distinctive colorful finishes provide the perfect backdrop for these beautiful Mazzi designs. Each lighter is packaged in a Zippo lighter tin complete with custom sleeve.

Pipe Lighter Gift Set
High Polish Chrome Lighter

When Friedrich and Heinrich Kapp opened their business in 1865, they could scarcely have dreamt that they, with their partner Charles Peterson, would go on to become Dublin's most fashionable and respected manufacturer of fine smoking pipes. In 1890 Peterson invented a revolutionary new system that allowed surplus tobacco moisture to drain into a specially designed reservoir within the carved briar.

The dedicated team of craftsmen at Peterson today continues the skills and craft that Charles Peterson applied to his original invention over a century ago. Coupled with a patented graduated stem, the Peterson System provides one of the driest smokes ever.

Now Zippo enhances the genuine classic Peterson pipe with a classic high polish chrome Zippo lighter. The special pipe lighter insert allows a strong, steady flame that doesn't burn the pipe bowl. This distinctive gift set is not just a pipe dream . . . but it is available only while quantities last!

Pipe Lighters

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof pocket lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

P

200PL

Pipe Lighter
Brushed Chrome

The insert of a Zippo pipe lighter is exactly the same size as the standard pocket lighter insert, allowing pipe smokers who have a treasured Zippo lighter the option of replacing the insert to continue carrying the favorite case.

Gift Sets

Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns.

Also known as Rotary Engraving or Computer Engraving

FINISH

- standard imprint charges
- not available on powder coat and translucent finishes
- can be done on sterling silver and solid gold
- minimum quantity required
- lid line adjustment may be made
- may require additional lead times

Laser Engrave

This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint.

Also known as Laser Mark

FINISH

- standard imprint charges
- minimum quantity required
- multiple surfaces available
- shows great contrast

Lustre

Zippo's signature lustre etch method produces an attractive, durable imprint. The artwork is etched into the lighter and plated for a permanent mark. A beautiful contrasting effect is created.

Used only on plated finishes

FINISH

- standard imprint charges
- not available on PVD, powder coat, and translucent finishes
- minimum quantity required
- lid line adjustments may be made
- may require additional lead times
- front and reverse surfaces only

Etch and Paint

A legendary process, Zippo's etch and paint method produces an attractive durable imprint. The artwork is rendered to display a vintage effect. The image is etched into the plated lighter, then colorfilled in the cavities.

Also known as Etch and Color or Colorfill

FINISH

- standard imprint charges
- available only on high polish and brush chrome finishes
- minimum quantity required
- image cannot cross lid line

Surface Imprint

A longstanding popular method, surface imprinting is a silk-screening process using a separate screen for each color. Durable epoxy ink is applied to the finish one color at a time, building a rich and vibrant image. The product is cured, bonding the epoxy imprint to the surface where it becomes an integral part of the finish.

Also known as Screen Printing or Silk Screening

FINISH

- standard imprint charges
- not available on precious metal finishes
- minimum quantity required
- lid line adjustments may be made
- eight colors maximum
- large paint filled areas require stucco process

Color Imaging

Transfer printing method allows up to 5 spot colors to be imprinted onto the lighter surface.

Color Imaging (4 Color Process)

Special cliches are created to allow four color process printing. A 300 DPI photo is required for crisp accuracy. CMYK colors are used to create a photographic image.

Also known as Pad Printing

FINISH

- contact Zippo sales representative for imprint charges
- not available on precious metal finishes
- minimum quantity of 250 pieces required
- may require additional lead times
- special art requirements / hi resolution photo required to be reviewed by Creative Services

 Plated

 Powder Coat

 PVD Finish

 Translucent Powder

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo sales representative for more information. *All premium custom orders need to be routed through the Zippo Design Center.*

Deep Carved

Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contoured cuts into an Armor™ case using many tool sizes, special buffing, and plating.

- Heavy Wall Armor™ case only

Epoxy Inlay

Clear, marbled or solid epoxies can be inlayed into deep cavities by highly skilled artisans.

- Lid line and size restrictions apply
- Special engraving can be designed under translucent epoxy for a luxury look.

Stone Attachment

Zippo designers and engineers continue to develop special inlaid materials and stones to delight Zippo customers.

Photo Imaging

A high resolution photo is required to achieve a crisp beautiful gradated image.

- On dark finishes, Zippo may invert image for a better photographic representation

Stamping

Image is debossed into the case, creating a 3D design.

- Restricted to #207
- Art constraints
- Tooling charges and minimum quantities may be required

Emblem

Image is die struck onto various metal substrates such as brass, aluminum, and pewter.

- Art constraints
- Additional lead times required
- Tooling charges and minimum quantities may be required
- Contact sales rep for details

Reverse Etch

Unique process that etches the area around the design, leaving the image raised.

- Model restrictions #121FB, #201FB, #301FB
- Art constraints
- Tooling charges and minimum quantities may be required

Selective Inlays

Designs can be inlayed in 24KT gold or rhodium.

- Additional lead times
- Art constraints
- Tooling charges and minimum quantities may be required

Precious Metals

Special handling is needed when engraving precious metals.

- Sterling Silver and Solid Gold
- Limited customization options available

* model not available for purchase

Custom Art • Limited Editions • Exclusive Designs • Signature and Licensed Designs

Special event and/or anniversary designs can be supplied by customer or created by Zippo artists. Personalization and consecutive numbering are available for an additional charge.

Designs supplied by Zippo customers can be restricted to others. Must be discussed and approved through Design Center. Signature and licensed designs must be processed and approved by our licensing department. Call your sales representative for details.

LUXURY CUSTOM IMPRINT METHODS

Two-Tone Engraving

Auto-Two Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Some model restrictions apply
- Art constraints apply
- Available on 200, 205, 207
- Cannot pass thru lid line

Laser-Two Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast within the image.

- Restricted to models 150, 151, 200, 205, 207, 250, and 20446
- Cannot pass thru lid line

Laser/Auto Engrave

Zippo can combine Laser and Auto Engrave processes to archive a jewelry look.

- Art constraints apply
- Some model restrictions apply
- Engraving can also be done on top of lasered area

Surface Imprint

Stucco

By applying textured layers of ink, a stucco look can be achieved. Small icons or patterns can be selected by design.

Distressed

When rendering artwork, artists use a unique filter to give the art a pocket worn effect.

Ghost Clear

Zippo can apply a clear epoxy image along with additional inks to achieve a "ghosted" effect.

- Large areas of clear not recommended

Chromed Out

When rendering art, an area of design is opened up displaying the base finish. No additional charge for this method.

Functional, yet fashionable, this all metal ashtray is easy to carry, easy to use, and easy to clean.

Zippo OUL™

Wind-resistant, dual flame technology helps start a robust fire even in the harshest, windiest conditions.

With its wind-resistant dual flame, water-resistant cap, rugged metal construction, and built-in LED light, the Zippo OUL™ is ideal for camping, hunting, fishing, hiking and more. For optimum performance of every Zippo outdoor utility lighter, we recommend genuine Zippo premium butane fuel (found on page 72).

Rugged metal construction.

Built-in LED light.

Ergonomic rubber grip.

Patented child-resistant safety button (on back).

Advanced ignition system.

Filling valve is located at bottom of lighter. LED light helps to illuminate kindling at night.

Water resistant cap.

Clip & strap.

Fuel-level indicator.

Adjustable flame dial.
